COLORFUL SALUTE TO THE EARLIEST DAYS OF SPRING

On our cover and below, the earliest, the bravest and one of the smallest flowers of Spring puts on a display second to none to announce the very earliest days of the new season. These crocuses, slicing their way through the recent snow, only two weeks past, now have the warming earth as their backdrop and have fully opened to gather the sun's rays. Mrs. Barrie's garden, once again, gladdens the eye of the beholder.

SEMASS or Landfill?

MATTAPOISETT SELECTMEN'S MEETING
MEET WITH BOARD OF HEALTH
APRIL 7, 1992-by BRIAN KEENE

Selectmen met Tuesday night with members of the Board of Health to discuss the feasibility of reducing the departmental budget by sending trash collected locally to the landfill instead of SEMASS. Selectmen had been considering the proposal, which was put forth by the Finance Committee at last week's meeting. The selectmen's main concern was that the increase in trash brought to the landfill would reduce the amount of revenue generated by the Board of Health's Enterprise Fund. This fund is generated by individuals and companies who pay to dump in the landfill, thereby allowing the landfill to be largely self-supporting. With more trash coming in from the town collections, the amount of revenue generating dumping could be cut by as much as 30%, said Dale Barrows, Agent of the Board of Health. Selectmen agreed with the board that the savings in SEMASS fees would be offset by loss of dump revenue, and further found that the expected savings in transporation costs would in reality be quite small. The decision was made to keep complying with the SEMASS minimum requirements as they now stand.

In other business, Selectmen:

RECEIVED A COPY OF A LETTER sent to Louise Hague, L.I.F.T. teacher at Old Hammondtown School, commending the Board of Health for its part in a recent radon awareness campaign. The group received

praise from the regional office of the United States Environmental Protection Agency for their efforts.

RECEIVED A COPY of landfill inspection report number 25 from Tighe and Bond. The landfill was found to be in excellent shape, the only recommendation being to remove some of the barrels and drums which can be found everywhere at the site. Both the operation and the condition of the site were found to be adequate.

WERE NOTIFIED by Fire Chief Donald Wood that he has concerns over the ability of the department to fight potential fires in houses being reconstructed after Hurricane Bob. To comply with current floodplain regulations, many houses are being built as high as twenty feet off the ground. He feels it may be necessary to consider new equipment some time in the future, and hopes to have the support of the selectmen and the town.

RECEIVED A COPY of a letter written by Judith Tonneson of Tinkham Lane expressing dissatisfaction over the way the town is handling her inquiry into the safety of the water in her neighborhood. Both selectmen and the Board of Health members gave every assurance that the matter is being handled properly.

Letters to the Editor

A THANK YOU

The Board of Directors of the Tri-Town Dollars for Scholars would like to publicly thank all the members of the Marion Sippican Seniors for their donation of $150. to our Scholarship Fund. It has been difficult to raise money the past two years due to the poor economy, so we are very grateful for their contribution. The money will go towards the 1992/93 scholarships awarded to Senior High School students who have applied for help to defray the ever-increasing costs of today's higher education.

We think the idea of Seniors helping Seniors is a wonderful one. Thank you all so much.

Bob Reardon, President

The insecticide being used is Vecto-Bac - 12AS (BTI). Only mosquito breeding sites will be treated and no spraying will be done over residences. For further information contact Kenneth W. Ludlam at 617-585-5450."

Because many residents of the Tri-town area are unlikely to see the legal notice, I am requesting that you publish it for the sake of those who might be allergic to it, have respiratory or other physical problems as well as young children and the elderly, all of whom may be subject the "drift" from the spraying. Although this is presumably a "safe" product, there may well be residents for whom it is not safe, and they should have notice in order to take precautions.

Presto Press Notice

The Presto Press will stop publication after completing the four issues of May 1992.

We have enjoyed a publication run of 38 years. During that period the people of this community, including our advertisers, have given us the best acceptance that any business could hope for. We are most appreciative to all who contributed to the paper so generously with news items, articles, and advertising. Our advertisers represent the best of small business in our area and we know that our readers are well aware of their services and will continue to enjoy them.

After nearly 4 decades of deadlines met, we are retiring the Presto Press and ourselves with a good feeling. We have done our best to produce a quality paper and have made firm friends over the years of our work. Thank you for being so much a part of our life and effort.

Easter Vigil.

Easter Sunday, April 19th, 8:00 a.m., 9:30 a.m. and 11:00 a.m.

N. Rochester Church

The solemnity of Good Friday will be observed at the "Old" North Rochester Congregational Church on North Avenue, Rochester, by throwing wide the doors and inviting any and all to come and worship quietly, each in his own way. There will be no preacher, no speaker, no program, just quiet holy music. Everyone is welcome; the doors will be open from 4 until 7 p.m.

EASTER SUNDAY

On Easter Mr. Donald Waite will conduct the service. He has planned a brief but moving pageant entitled "Pageant of the Crosses", in which six members of the congregation will depict various aspects of religious responsibility. Music will be by our well-known choir, fast becoming famous for their exquisite harmony. Everyone is welcome, and keep in mind that we always have our collection of non-perishable food for our less fortunate friends.

Easter services begin at 10:00 a.m. and please plan to remain with us after the services for fellowship and coffee.

St. Anthony's Church

There will be no religious education classes April 20th and 21st, and no pre-school on April 19th and 26th.

Registration for Fall Religious Education Classes will be: Grades 2-6, April 27th and 28th, at 4:00 p.m., church hall; Grades 7-8, April 27th and 28th, at 8:00 p.m., church hall; pre-school, May 3rd, after the 9:30 Mass; Grades 9-10, May 3rd, after the 9:30 and 11:00 Mass, in the church hall.

EASTER and PASSOVER GREETINGS TO YOU AND YOURS FROM THE ROCHESTER COA!

Rochester Walk-A-Thon

Get out your walking shoes! Coming in May: Intergenerational Walk-A-Thon. In celebration of the first anniversary of the Rochester Senior Center and of Older Americans Month, the Rochester Council on Aging and the Friends of the Rochester Senior Center are sponsoring an Intergenerational Walk-A-Thon to raise funds for the Senior Center. The date is Saturday, May 16th, with step-off at 10 a.m. Walkers will have their choice of a 3.2 mile course or a 5.2 mile 'pro' route.

It is hoped this will be a total community event. If you can't be a walker be a volunteer. Many helpers will be needed to run a smooth event: registrars, water dispensers, checkpoint checkers, road marshalls, refreshments servers, traffic controllers, support vehicle drivers - AND, dozens and dozens of sandwich makers willing to make a dozen sandwiches each. Call the Council on Aging and add your name to the volunteer list.

Pediatric Trauma Program

PROGRAM FOR PARENTS
OFFERED BY TOBEY HOSPITAL

Trauma -- accidental injury --kills and disables more children than any other diseases combined. In New England alone, two children die every day from trauma-related injuries. To help parents better deal with, and prevent accidents involving their children, Tobey Hospital is sponsoring its free "Pediatric Trauma Program for Parents" on Thursday, April 30th, from 7 to 9 p.m. at the Sacred Heart Parish Hall in Middleboro.

The program will be presented by Richard Murphy, Assistant Director of the Kiwanis Pediatric Trauma Institute of the New England Medical Center in Boston. The Kiwanis Institute is the first regional facility of its kind in the country to exclusively devote itself to treatment and research in the field of pediatric trauma. Tobey Hospital recently signed a formal affiliation agreement with the New England Medical Center to facilitate transfer of patients to the teaching hospital.

When children are injured their bodies respond very differently than adults', requiring very specialized treatment. Children have unique reactions to drugs, loss

"All accidents can be very serious, especially if first aid given is delayed or incorrect", according to information from the Pediatric Trauma Institute. "Child care providers must know what situations are most serious and know proper first aid techniques."

Topics that will be covered include: "Signs of Life" safety signs, basic first aid, accident prevention and safety, seatbelt and child restraint use, and proper use of the Heimlich maneuver for choking victims.

UMass Concerts

The University of Massachusetts Dartmouth Chorus, under the direction of Peter West, will present Gabriel Faure's REQUIEM and Wolfgang Amadeus Mozart's TE DEUM in two area churches. The first performance will be on Wednesday, April 22nd, at the Notre Dame Church on Eastern Avenue in Fall River beginning at 7:30 p.m. The second performance will be given at the Unitarian Memorial Church in Fairhaven on Friday, April 24th beginning at 8 p.m.

The REQUIEM has been described as

Important Facts for Buying Precious Gems

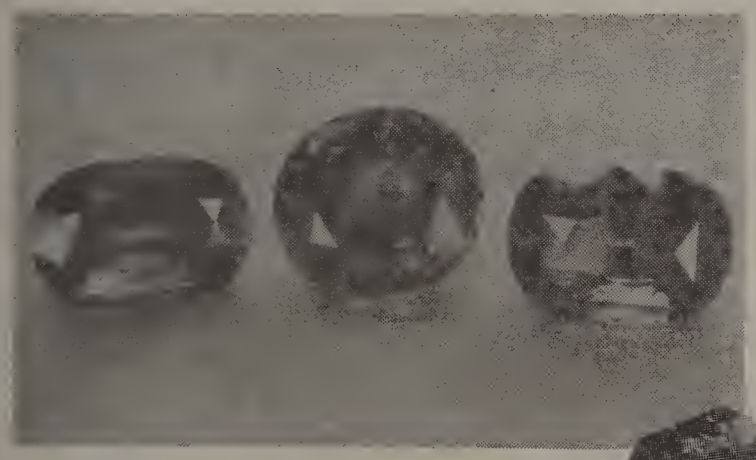
COLOR: Color is the most important factor in determining the *quality* and *value* of Precious Gems. Mother Nature does not provide us with 100% pure color in gems. Our perception of color incorporates physical attributes like hue or chroma and intensity or saturation. Two gems of equal weight, cut and clarity might vary more than 1000% in price as a result of a difference in color. The most minor variations in color can make the largest difference in a stone's appearance. The purity of the reds, blues or greens is important, as are the colors which modify them and their interaction in each individual gemstone.

CLARITY: Clarity is based on the presence of internal inclusions and surface blemishes. Type and amount of inclusions vary dramatically with the species and variety of gems. Minor inclusions and surface characteristics may be present in the finest gems. In precious gems, sapphires are generally the cleanest or least included, followed by rubies and then by emeralds. Flawless rubies and emeralds are virtually nonexistent.

TONE: Tone refers to the amount of color. When a gem is too dark or too light it loses both beauty and desirability, thus reducing its value. Slight differences in darkness or lightness can make a large difference in the richness of a gemstone's color. Two stones can have the same basic color quality and differ only in tone. This tonal difference can make a stone appear a very desirable deep rich color; the less desirable soft pastel color; or the least desirable dark murky gray or black color.

BRILLIANCY: Brilliancy is the quality and quantity of the light returned to the eye. It is measured by the amount of light reflected to the eye when the gem is viewed from the table.

Due to the physical characteristics of rubies, sapphires and emeralds and the methods of cutting, we rarely see gems with 100% brilliancy. Brilliancy is not necessarily equally distributed throughout the stone; many times we see a gem that leaks light on one side and returns all the light on the other.



DICHROISM: All rubies, sapphires and emeralds are dichroic, which means they appear to have two discernibly different colors. In some cases, the two colors are visible even to the untrained eye. The less obvious the second color, the more attractive and desirable the gemstone.

CUT: How a stone is cut or "made" has a very large effect on how it will face up in the final piece of jewelry. The far eastern cutters who handle most rubies and sapphires, traditionally try to retain as much weight as possible by cutting as close to the shape of the "rough" or uncut gem. To them, in many cases, symmetry and good proportions are secondary to weight retention.

TEXTURE: Texture refers to minute, finely disbursed inclusions or their equivalent which interfere with the passage of light and gives the stone a dull, sleepy appearance. Gems which are generally free of texture or exhibit low level texture are more desirable.

COLOR ZONING: This is seen as uneven patches or bands of color with varying degrees of intensity. It is most common in sapphires.

Most Important: Know your Jeweler.

Fund for Plimoth Plantation

Middleborough, MA - Plymouth Savings Bank President and Chief Executive Officer Thomas S. Olsen has announced the bank will provide major support for Plimoth Plantation's "Chance for Survival Fund". The Plantation is seeking $250,000 to replace the animals and equipment lost in the fire that swept through the Plantation's barn on February 18th, killing 77 animals and destroying the building and all its contents.

To help the Plantation raise the necessary sum, the bank launched a campaign that includes posters in all fourteen of its branches, inserting donation appeals with its monthly statements to customers, and both radio and telephone public service announcements. In addition the bank kicked off the campaign with a substantial cash contribution.

Mr. Olsen said the bank is supporting the "Chance for Survival Fund" because of the key role Plimoth Plantation plays in the community and the importance of the animals to the Plantation's depiction of early 17th century life. He added, "Compounding the tragedy is the fact that these animals were representatives of rare breeds which Plimoth Plantation had, at great effort and expense, collected and bred over a period of a decade. We feel compelled to do what we can to help and are sure our customers will feel the same."

According to David Case, President of Plimoth Plantation, donations have been coming in ever since the fire. "We still have a long way to go to reach our $250,000 goal.

SINGER/SONGWRITERS AT UMASS DARTMOUTH

Contemporary, acoustic folk will be performed by Kat Eggleston and Andrew Calhoun at 8 p.m. April 23rd in the Recital Hall, Visual and performing Arts Building at the University of Massachusetts Dartmouth.

The Beans, frequent performers at the Tryworks Coffeehouse in New Bedford, will join Eggleston and Calhoun. The concert is a benefit for the UMass Dartmouth Eisteddfod festival of traditional music, dance and arts.

Best known in her native northwest, Kat Eggleston plays guitar, mandolin, hammered dulcimer, piano and spoons. Comfortable with traditional music, she also composed her own songs. In 1990 she was a featured performer at the Columbia Folk Festival and Seattle's "Bumbershoot". She has opened concerts for Gail Davies and the Kingston Trio, and is featured on several studio recordings, as well as her own.

Chicago-based Andrew Calhoun is nationally acclaimed as a singer/songwriter, guitarist and poet. He is known for performances infused with humor. Folk and Baroque guitar pieces, songs by John Prine and Robert Burns, and Celtic and American ballads round out his repertoire. He has recorded four albums for Flying Fish records.

The Beans - Jim and Cindy Bean, Steve Sullwold, and Ann Brownell - sing a mix-

ALL MAJOR CREDIT CARDS ACCEPTED BY PHONE

Shaw's Supermarkets are supplying the refreshments along the route and at the finish, and Monadnock will be donating the water. J.C. Penney's at the North Dartmouth Mall will redeem completed route cards from all walkers during the week of April 26 through May 2 for a 25 percent discount. J.C. Penney's, ranked number nine as a WalkAmerica national team, will also be joining the event as a strong team of more than 50 walkers.

The top Team Captain from the New Bedford site will win a weekend for two at the Provincetown Inn on beautiful Cape Cod. This Inn is located at the tip of the Cape and has its own private ocean beach -- surely an incentive to walk and raise money on behalf of the March of Dimes' Campaign for Healthier Babies. A team is defined as at least five walkers (can be friends, family, co-workers, etc.). It is also hoped students will become involved. The top student fund-raiser will be awarded a $50. savings bond donated by Shawmut Bank.

The March of Dimes is a national voluntary health agency whose mission is to help babies be born healthy by preventing birth defects, low birthweight, and infant mortality. One way the March of Dimes is helping the companies that have walked with them is by offering a free seminar series entitled "Babies and You" which provides corporations with a program promoting proper healthcare for their employees during pregnancy. The "Babies and You" program allows corporations to show their employees that they care, while simultaneously saving them in healthcare costs. Through its Campaign for Healthier Babies, the March of Dimes funds programs of community services, advocacy, research and education.

Grand Tour of Europe 1892

TRAVELOGUE SERIES

Zeiterion Theatre's Travelogue Series concludes with "GRAND TOUR OF EUROPE, 1892" on Friday, April 24th, at 7:00 p.m., sponsored by Baker Books, Compass Bank and the Durant Sail Loft Inn. Upon inheriting a ticket for a Grand Tour of Europe which was purchased in 1892, Filmmaker Ken Richter decided to make a movie of the trip to discover what parts of the tour itinerary he could and couldn't follow, almost 100 years later. At the Zeiterion he will present and narrate in person this feature-length film about his elegant journey of a more stately time. The evening will open with a live organ recital on the theatre's restored Grimshaw-Gudewicz Wurlitzer Theatre Organ, performed by members of the Southeastern New England Theatre Organ Society, the caretakers of

Ken Richter found the ticket for a Grand Tour of Europe in his parent's home in Bridgewater, Massachusetts. The ticket which was bought for a staggering $1,900 in 1892 was never used by the recipient. It came in a gilt-edged red morocco box with all the tickets still inside for the various excursions of the journey.

Mr. Richter found that there were still quite a few things a traveler could do today that he would have done in 1892, such as cross the Atlantic by ship, travel on famous trains, cruise on a Swiss lake or down the Rhine by paddlewheel steamer, take a steam train to the top of a Swiss mountain, and even travel the high valleys of Bavaria by coach. A tourist can still shop, cafe-sit, visit great museums, gamble in casinos already ancient in 1892, and, of course, hail a Venetian gondola. Mr. Richter shares with his audience these adventures and many more in the film.

A well-known producer of documentary and educational films, Mr. Richter has been working in the travel lecture field for more than 40 years. Since his first major trip at the age of 19 as cameraman for Julien Bryan, a famous documentary filmmaker, Mr. Richter has dedicated his life to the work of films. He worked for nearly five years on Hollywood major studio camera crews, honing his craft. Mr. Richter also owns two companies - Richter Cine Equipment which makes the Auto-Collimator lens-test-

nocence of a child's balloon floating on a summer zephyr...there is no denying the appeal of her emotionally moving style."

Ms. Gilberto's first big hit was the breathy Stan Getz classic, "Girl from Ipanema" which won a Grammy and touched off the American bossa nova craze. Her voice exposed the nations of the world to the sensuality of the Brazilian way of life and music. Her soft, lilting tones transported audiences to the cafes on the beaches of Rio and Sao Paulo.

Following her hit with the "Girl from Ipanema", her recording career took off with her solo album, "The Astrud Gilberto Album" which was nominated as album of the year. Since then she has had numerous albums, and has appeared in motion pictures and in television specials in Europe, Japan and Africa. She presently tours with a quintet made up of Eduardo DaFonseca on drums, Valtinho on percussion, Jay Ahsley on trombone, Clifford Korman on kayboards, and her son, Marcello Gilberto leading the group on bass.

Tickets for Astrud Gilberto are $12.00, $16.00 and $20.00; senior/student $2. discount; group rates available. Tickets are available at the Zeiterion Box office, and are also available at all Ticketmaster outlets or by calling Ticketmaster in MA at 1-932-2000 and in RI at 1-331-2211.

The Zeiterion Theatre, a non-profit performing arts center for southern new England, is located at 684 Purchase Street in historic, downtown New Bedford. The theatre is wheelchair accessible.

Explore the Paskamansett

Come along with the Lloyd Center on April 25th as we explore the Paskamansett River in Dartmouth by canoe. The "Pasky" winds through wooded marshes, giant white oak trees, and carpets of wildflowers. It is a relatively unspoiled wilderness in the heart of Dartmouth.

This canoe trip begins at 9:00 a.m. and lasts until 4:00 p.m. Be sure to bring a picnic lunch to enjoy along the river. The rain date for this canoe trip is April 26th.

The fee for this trip is $15. for members, $20. for non-members, and children ages 6-14 are half price. Canoe rental is available at $4. per person. Please pre-register for this canoe trip by contacting the Lloyd Center at 990-0505.

WINS WOMAN'S CLUB ESSAY CONTEST

Old Colony Regional Vocational-Technical High School freshman Kevin Marcondes has won first place in the General Federation of Women's Clubs of Massachusetts 1991-1992 essay contest.

Kevin wrote on the topic "In the year 2002, where do you hope to be and how do you hope to get there?". Kevin indicates that his future success relies heavily on "Hard work, determination, and guidance and support given to me by my friends, family and teachers" coupled with "setting goals ...and not giving up". He predicts a life in Hawaii, designing ships for the Navy.

Kevin, a resident of Assonet, studies drafting at Old Colony and plans to attend Bristol Community College. His first place win was recognized at an Awards Banquet, held in Newton on April 2nd, when he was presented with a check for $25.00.

PRINCE BRINGS CONTROL TO WIDEBODY POWER.

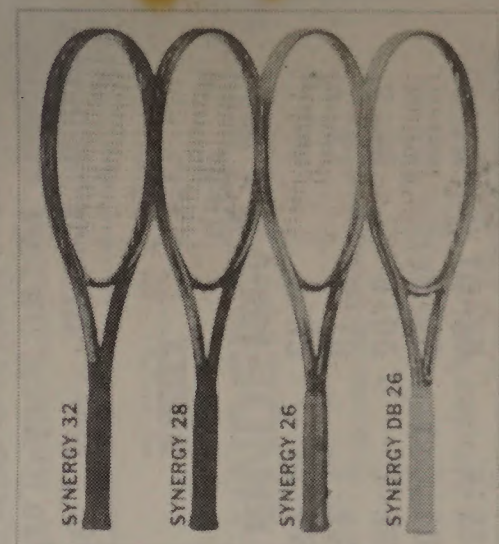
PRINCE INTRODUCES CTS SYNERGY™:

The next generation of widebodies.

Now there is a line of four widebody racquets that lets you choose the perfect balance of power and control for your game.

And we've done it by combining our design technology with a revolutionary new material called Liquid Crystal Polymer.

Liquid Crystal Polymer reduces vibration at least 45% more than graphite, Kevlar* or fiberglass for far greater comfort and unparalleled accuracy.



This simple-to-understand line of four racquets makes it easy to pick the right one.

Each one of the four Synergy racquets was rated, then named after the power it delivers, so you can find the balance of power and control that's a perfect match for your style of play. Here's the Synergy Line starting with the most powerful.

Synergy 32	The most powerful Synergy racquet for the player who needs to get the ball deeper in the court.
Synergy 28	For the more experienced player who has a thirst for power.
Synergy 26	For the expert player who already has powerful strokes and demands a greater level of accuracy.
Synergy DB 26	The power and control of the 26 with the ultimate in vibration dampening —Jennifer Capriati's choice.

Demo the new generation of CTS Synergy widebodies.
See for yourself the amazing Synergy of power and accuracy.
